An asterisk (*) appearing next to the amount indicates a difference from projected activity either in the amount or the date. The letter "E" next to an amount indicates that the payment or disbursement has not yet occurred, but is estimated to occur on the date shown.					

Last year we anticipated that Disbursements would be made from your Escrow Account during the period equaling \$6,343.33. Your lowest monthly mortgage loan balance should not have exceeded \$843.22, which is either 1/6 (also equal to no more than two months) of the total projected payments from the account as required by federal law or the reasonable amount required by state law or the amount required by the mortgage contract. Your actual lowest monthly balance was equal to or greater than \$ 6,960.18. The items with an asterisk on your Account History may explain this. For further explanation, call our toll free number shown under the Contact Us section on this statement.

The required Escrow Account Balance displays the amount actually required to be on hand as specified by federal law, state law, or your mortgage documents, and may include a cushion of up to one sixth of your annual disbursements. Please retain this statement for comparison with the actual activity in your account at the end of the next escrow analysis cycle.

Your Projected Escrow Account Balance as of 05/31/21 is \$ 1,459.67. Your Required Beginning Escrow Balance according to this analysis should be \$1,997.56. This means you have a shortage of \$ 1,830.76. Per federal law, the shortage may be collected from you over 12 months or more unless it is less than 1 month's deposit, in which case we have the additional option of requesting payment within 30 days. **We will collect the shortage over 12 months.** Once during this period, your Required Escrow Account Balance should be reduced to \$726.88, as shown in August. This amount represents the cushion selected as allowed by your mortgage contract, federal and state law.

Balance Your Escrow Account

Each year your account is reviewed to make sure there is enough money to pay your property taxes and/or insurance. To do that, federal law allows us to require a minimum balance in your account. This cash reserve helps to cover any increase in taxes and/or insurance. Subject to state law limits, your minimum balance normally equals the amount of your escrow payments for about two months. The payments made to and from your escrow account last year help predict your account activity for next year. Last year's activity also helps predict what your lowest account balance is likely to be. To balance your escrow account, we compare what your lowest account balance will likely be next year with your minimum required balance. The difference between those two numbers tells us if you need to deposit additional funds or if we will provide a refund.

\$726.88	Your minimum required balance
\$ 2,730.35	Your projected lowest account balance for August
\$ 1,830.76	Your escrow account surplus/shortage
